The BDRC Ecumenical Retreat and Conference Center owned by the Roman Catholic Diocese of Amarillo has been the home of one of our oldest Post-intensive Centering Prayer retreats for over 28 years.

Now for our third year-after the original service team moved the March retreat to the Monastery Retreat house-we are holding sacred space for new and old pilgrims. The setting and design of the center is uniquely suited to foster recollection and deepening union with God.

Retreatants' accommodations offer private bedrooms with their own bathroom, which makes them highly conducive to solitude and silence, while extending spacious sanctuary to our pilgrim community of prayer.
